A letter is nice . . . but you get so much

more pleasure from a call

IT'S EASY—

1. *If you want to place a station-to-station call,* dial "Operator" and give her the town and telephone number you want. (Example: "St. Louis, Missouri, WO odward 5-3456.") Your call will go through faster if you call by number.

2. *If you want to reach a particular person* by name or title, tell the operator so. Person-to-person charges begin when the person you want answers. Rates for these calls are somewhat higher.

3. *If you want to call "collect,"* tell the operator so. On these calls the conversation does not begin until the called person accepts the charges.

4. *If you want to connect three or more telephones* in one or more communities, ask the operator for the "Conference Operator." You'll all be able to talk as though in the same room.

IT'S FAST—

Calls go through in seconds, so if you'll stay on the line, you'll be able to start talking promptly.

IT'S ECONOMICAL

Day rates are low. Night rates (6 P.M. to 4:30 A.M. daily and all day Sunday) are lower still, in fact during these times you can call anywhere in the U.S. for $1.90 or less.

Here are some "after 6 P.M." station-to-station rates for the first 3 minutes*

INDIANA STATE LAW CONCERNING USE OF PARTY LINES IN CASE OF EMERGENCY

A Statute enacted by the 1955 Indiana Legislature makes it unlawful to misuse party line telephone service in cases of emergency. An emergency is defined in the law as "a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential." The law, in part, reads as follows:

Section 2. It shall be unlawful for any person using a telephone on a party-line to refuse to yield such party-line, when requested to do so, to any person who wishes to place an emergency call from a telephone on such party-line. Any person who violates the provisions of this section shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding twenty-five dollars to which may be added imprisonment in the county jail for any period not exceeding ten days.

Section 3. It shall be unlawful for any person to obtain the use of a telephone on a party-line by falsely alleging the existence of an emergency. Any person who violates the provisions of this section shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding twenty-five dollars to which may be added imprisonment in the county jail for any period not exceeding ten days.

How to Use a DIAL TELEPHONE

WHEN DIALING

1. Look in the directory for the correct number.

2. Listen for the "dial tone." This steady humming sound tells you that the dial equipment is ready for your call.

3. Place your finger firmly in the opening for the particular letter or figure desired. Pull the dial around until your finger strikes the metal finger stop. Then, release the dial and allow it to return without interference.

RECORDING TELEPHONE CONVERSATIONS

("Beep" Tone)

If you hear a "beep" tone at fifteen-second intervals, you will know your telephone conversation is being recorded. This signal is transmitted automatically when a recording machine is connected to the line. It is for your protection.

If you do not want a record made of what you are saying, ask the person with whom you're talking to disconnect the recording machine. The "beep" signal will stop when the recorded is disconnected.

Use of a recorder without this signal is unlawful.

At your service

Your business with the telephone company is handled by a young lady called a Service Representative. She'll be glad to help you with additional service, your listing in the directory, moving your telephone or if you want to discuss your bill. Just call the Business Office and ask for your Service Representative.

Or she'd be glad to welcome you in person at the business office. We're open from 8 A.M. to 5 P.M., Monday through Friday.

For your convenience in paying bills when the office is closed, a deposit box is located near the door. You'll find a supply of envelopes there, too. Just put your bill, bill stub and payment into an envelope and drop it into the deposit box.

You May Telephone Telegrams

You may telephone telegrams, cablegrams or radiograms to the Western Union Telegraph Company.

Charges for telegrams, cablegrams or radiograms placed by telephone will appear on your monthly telephone bill by arrangement with Western Union. On messages telephoned from public coin box telephones, you will be requested to deposit the telegraph charges in the coin box.

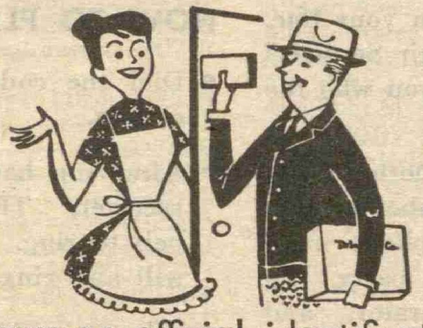
Attractive Personal Directories

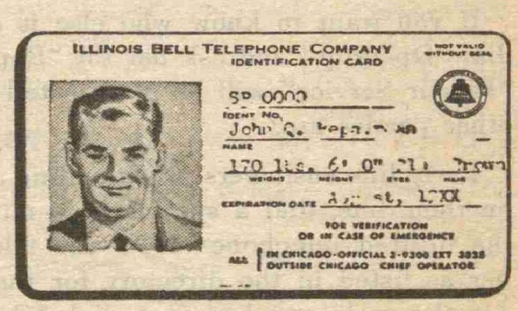
A copy of a personal telephone directory is yours for the asking. The directory is handy for listing your frequently called numbers—your friends', business associates', numbers for places where you shop, and so on. For a copy of the directory, just call your Service Representative at the Business Office.

This small, personal directory will save you time in calling. Be sure, however, to keep your personal list of numbers up-to-date by checking it with each new directory issue.

FOR YOUR PROTECTION.....

Our Employees Carry This





All telephone employees carry an official identification card like this. They all understand you don't care to let unidentified people enter your home. So they'll gladly show you their card before coming in. Just ask to see it if you have the slightest doubt about anyone who calls "from the Telephone Company." Check the picture on this official card to assure yourself the bearer is a bona fide telephone company employee.

a neighborly party line

Just as much as the people next door or across the street, the folks on your party line telephone are neighbors. The best party-line service for *all* depends on courteous, cooperative use of the line by *all*. Here's how you can do your part.

How to be a GOOD TELEPHONE NEIGHBOR in 6 Easy Lessons

Answer Promptly

This will insure receiving all calls intended for you and will prevent possible annoyance to another family on the line.

Take a Breather

A "breathing spell" between calls gives your neighbor a chance at the line. It also permits incoming calls to come through.

Listen Before Using

Make certain that the line is free before attempting to call a number. (In the case of dial service, listen for the Dial Tone. If you hear successive clicks, it means that someone else is dialing a number. Wait until they stop; then explain to the party that you have interfered with his dialing. And hang up.)

Replace Receiver Properly

If you don't, the line is just as "busy" as if someone were talking on it. Incoming calls are blocked; and eventually no one can reach the operator. And when you find the line already in use, the neighborly way is to hang up gently.

Tell the Children How

Teach 'em young how to use the telephone—to be considerate of others on the party line . . . not to talk unnecessarily long.

Give Way in Emergencies

If your neighbor says the line is needed for an emergency, cut the call short and give the right-of-way. Doing so may help save life or property.

To call ANOTHER PARTY on your line

If you want to know who else is on your line, dial "Operator" and ask her for "Repair Service." "Repair Service" will be glad to tell you who the other parties are.

Party line customers, when calling another party on their line, dial a special code number to ring the desired telephone—NOT the telephone number as listed in the directory for that party. To get the code number just dial "Operator," and ask for "Repair Service."

Give "Repair Service" your telephone number and the name of the party on your line you wish to call. She will then tell you the proper code number to dial. Make a note of that code number for future use.

HOW TO PLACE YOUR CALL.

- Dial the code number for the party you are calling.
- After you have finished dialing, hang up your receiver. This will allow the other party's bell to ring. And at the same time your bell will also ring.
- When ringing stops, you will know that the other party has answered. Remove your receiver and proceed with conversation.

If your party does not answer within a reasonable period, remove your receiver momentarily in order to clear the line.
